Patrick,

We have received comments on the Otter Tail Power Company, Coyote Station Title V PTO renewal (see attached comments and exhibits). We are currently reviewing the comments and information, which may result in changes to the draft PTO and may require starting over with public comment and EPA review. With that in mind, I suggest you suspend the review of the current draft, which started July 22, 2018.

Feel free to contact me with any questions.

Thanks,

Kyla K. Schneider
